

International Slate & Stone's "Far East" Tumbled Mosaic slate flooring gently stimulates the acupressure points on the bottom of bare feet when walked on.

"The secret is a slight rounding of the tops of the slate tiles to create a domed shape," according to Richard Hoder, founder and CEO of International Slate & Stone. "The dome shape barely perceptible to the eye, but is distinct enough to deliver a relaxing massage with each step."

These stress relieving floor slates are perfect residential, commercial and hospitality applications in bathrooms, showers, locker rooms, sunrooms and exercise areas. Like all International Slate & Stone products, "Far East" tumbled mosaic is precision gauged for easy installation, and arrives mounted on a 12 inch by 12 inch backing for easy handling.

"Far East" Tumbled Mosaic slate is available in three sizes: 3/4 inch x 3/4 inch; 3/4 inch x 1 1/2 inch and 1 inch x 1 inch.
